

United Way of Greater Lorain County's Kick-Off August 16, 2019

WELLINGTON -- Join us as we celebrate the beginning of this year's fundraising campaign for United Way of Greater Lorain County (<https://www.uwloraincounty.org/>)! The annual Campaign Kickoff will take place on Friday, August 16, from 11:30 a.m. to 1 p.m., at Mike Bass Ford at 5050 Detroit Road, Sheffield Village; tel. 440-934-3673.

Bring an appetite and a smile as this FREE event will feature food, prizes, activities and lots of fun.

At the THRIVE! Table

THRIVE! Southern Lorain County, one of United Way's community collaborative partners, will have a station with the theme: "Water First for Thirst," focusing on all the benefits of drinking water. THRIVE! members will host a "Spin the Wheel" contest with questions related to hydration. Participants who answer the questions correctly will enjoy a host of prizes, including a week's pass at a local park or rec center. THRIVE! will also have challenging "fitness dice" at its table, where participants have to roll a large set of dice and perform sit-ups and other activities. THRIVE! will serve fruit-infused water and watermelon, one of nature's greatest hydrating foods.

Celebrate Football!

United Way will also ring in the start of a new football season, so be sure to wear your favorite team's colors to the event (high school, college or pros).

Please also consider bringing school supplies to "**Fill The Bus**". This will give students in our community the tools they need to succeed as they get ready to start school this fall.
